Forecast For Wales
Issued by Met Office Exeter
at 1600 on Monday 18 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Periods of persistent and heavy rain.

This Evening and Tonight:
Outbreaks of rain for most, heaviest and most persistent by late evening, around Snowdonia and along coasts. While heavy downpours continue in the north overnight, the south see lighter rain towards dawn. Windy for all, especially along coasts and hills. Minimum temperature 7 deg C (45 deg F).

Tuesday:
Heavy downpours continue, with a brief dry interlude in the south. Rain across the entire country by lunchtime, turning patchy later in the afternoon, but heavy again by evening. Windy. Maximum temperature 11 deg C (52 deg F).

Outlook for Wednesday to Friday:
Persistent and very heavy rain on Wednesday. Becoming windy overnight with a risk of snow. Colder with lighter winds on Thursday and Friday, with scattered showers and sunny spells.
